

### An Orchestral Listening Guide for High School Students

There are so many great works for orchestra that it is impossible to list them all. So, this guide is by no means completely comprehensive. Instead, these selections are to help you dive head first into the orchestral repertoire. Hopefully you will love some, but maybe you won't, and that's ok! What we *can* guarantee though, is that this list views every corner of the repertoire. Please also refer to the attached exploration guide. Happy Listening!
